Vote for Joe Laiacona
for Ward 39 Alderman
on Feb. 24, 2015.

Why Am I Running & What Do I Hope to Accomplish?

I am a former community member of the **Roosevelt High School Local School Council** and I have a history that proves that politics is in my blood.

The more compelling reasons are my complete dissatisfaction with: 1) The lack of representation that

my opponent gives us; 2) The over-riding attention that City Hall gives to corporate "citizens" rather than to actual citizens; and 3) The "rubber stamping" characteristic of most of our Aldermen.

And how will I be different?

I pledge that **I will be present**. Ward 39 residents will actually see me in the Ward, at the Farmers' Market, at the regular Town Hall Meetings I will host in the Ward, in my office whenever you want to make an appointment or during regularly scheduled office hours, and at as many community association meetings, social gatherings and public forums as is possible.

And, yes, if I can't make it, I will be certain

that one of my staff attends and takes good notes.

I will listen. I am going to represent you, the voters who elected me, so it is imperative that I know what you want and why you want it. The way to accomplish that is to listen.

As some progressive aldermen do, I will include your voices in the various decision-making processes the City Council undertakes. Each of you will get your chance to speak up on topics such as taxation, safety, zoning and spending.

I will act justly. In a ward as diverse as ours, there are many opinions, differences and possible solutions.

From Devon to Irving Park, from California to Cicero,

I will democratically represent each of you.

You can contact me in any of these ways:
